Dometic Class Action Lawsuit Dismissed In Florida

The United States District Court for the Southern District of Florida has dismissed in its entirety a class action lawsuit against Dometic Corporation.

The lawsuit had alleged that several models of Dometic's gas absorption refrigerators contained a latent defect. The court closed the case following the entry of the order.

The California proceedings are pending.

ABOUT DOMETIC GROUP

Dometic is a global market leader in branded solutions for mobile living in the areas of Climate, Hygiene & Sanitation and Food & Beverage. Dometic operates in the Americas, EMEA and Asia Pacific, providing products for use in recreational vehicles, trucks and premium cars, pleasure and workboats, and for a variety of other uses. Dometic offer products and solutions that enrich people's experiences away from home, whether in a motorhome, caravan, boat or a truck. Our motivation is to create smart and reliable products with outstanding design. We operate 22 manufacturing/assembly sites in nine countries, sell our products in approximately 100 countries and manufacture approximately 85% of products sold in-house. We have a global distribution and dealer network in place to serve the aftermarket. Dometic employs approximately 6,500 people worldwide, had net sales of SEK 12.4 billion in 2016 and is headquartered in Solna, Sweden.
