

THE MOTIVATED OPINION OF THE NOMINATION COMMITTEE OF DOMETIC GROUP AB (PUBL) REGARDING ITS PROPOSAL FOR ELECTION OF THE BOARD OF DIRECTORS AT THE ANNUAL SHAREHOLDERS' MEETING ON APRIL 10, 2018

Background

According to the principles for appointing the Nomination Committee adopted by the annual shareholders' meeting on April 7, 2017, the Nomination Committee for the 2018 annual shareholders' meeting shall consist of the chairman of the board of directors and one representative of each of the three largest shareholders, based on ownership in the company as of the expiry of the third quarter of the financial year. The board of directors shall convene the Nomination Committee. The member representing the largest shareholder shall be appointed chairman of the Nomination Committee, unless the Nomination Committee unanimously appoints someone else.

On October 10, 2017, Dometic announced the composition of the Nomination Committee, which consisted of the following members:

- Mr. Joachim Spetz, Swedbank Robur funds
- Mr. Simon Blecher, Carnegie funds
- Mr. Christian Brunlid, Handelsbanken funds
- Mr. Fredrik Cappelen, chairman of the board of directors of Dometic

Mr. Joachim Spetz has been appointed chairman of the Nomination Committee. Shareholders have been given the opportunity to send proposals and comments to the Nomination Committees in accordance with instructions on Dometic's website. No proposals from shareholders have been received.

The Nomination Committee's proposal regarding the board of directors

The Nomination Committee proposes the following:

- The board of directors shall consist of seven members with no deputies.
- All the current board members: Fredrik Cappelen, Erik Olsson, Heléne Vibbleus, Jacqueline Hoogerbrugge, Magnus Yngen, Peter Sjölander and Rainer E. Schmückle shall be re-elected.
- Fredrik Cappelen should be re-elected as chairman of the board of directors.

Motivated opinion

The Nomination Committee has held two documented meetings prior to the 2018 annual shareholders' meeting and has had several additional contacts. The Nomination Committee has met Fredrik Cappelen, Magnus Yngen and Rainer E. Schmückle separately.

To assess the degree to which the current board of directors fulfils the requirements that shall be imposed on the board of directors as a consequence of Dometic's current position and future direction, the Nomination Committee's discussions have focused on the composition of the board of directors in terms of size, experience, competence, diversity and gender balance.

The Nomination Committee's evaluation of the board of directors' work has confirmed the board of directors' opinion that the cooperation within the board of directors works very well.

The Nomination Committee believes that the proposed board of directors shall possess a good balance in respect of competence and experience regarding the areas which are of strategic importance to the company, such as business expertise, financial and operational expertise, corporate governance and capital markets. The Nomination Committee is of the opinion that expertise in relevant sustainability matters should be strengthened and further developed. This can be achieved by education and does not require changes in the composition of the board of directors at this moment. Regarding the gender balance, there are five men and two women proposed as members of the board of directors.

The Nomination Committee considers that among the board members in Dometic, there is a satisfying diversity and breadth concerning the board members' competence, age, experience and background. The question on diversity and that an equal gender representation should be strived for are important and prioritized questions to the Nomination Committee. These questions shall therefore continue to be prioritized by future nomination committees. The Nomination Committee has in its nomination process applied the provisions in the Swedish Corporate Governance Code item 4.1 as diversity policy. The objectives of the diversity policy is that the board of directors shall have a composition that is appropriate, having in mind the company's operations, development phase and other relevant circumstances, characterized by the diversity and breadth of competence, experience and background of the board members elected by the shareholders' meeting and that a gender balance in the board of directors shall be strived for. The Nomination Committee has further considered that three out of seven board members were elected at the 2017 annual shareholders' meeting and has taken into consideration a need to ensure continuity in the Board's work. The result of the evaluation is the Nomination Committee's proposal for election of the Board at the 2018 annual shareholders' meeting as presented.

All of the proposed board members are independent of Dometic and its management as well as of the major shareholders.

The Nomination Committee believes that the proposed board of directors is in line with the Swedish Corporate Governance Code (Sw. *Svensk kod för bolagsstyrning*) regarding the independence of the board members.

The Nomination Committee proposes that remuneration to the board of directors for the period up until the annual general meeting 2019 shall be paid in a total amount of not more than SEK 3,700,000 (including remuneration for committee work), which is an increase by SEK 365,000 in relation to the previous year. The level of fees shall be competitive in order to ensure that Dometic can attract and retain board members with the right competence. The Nomination Committee has therefore made a comparison of board fees paid by other companies listed in Sweden of corresponding size. The outcome of the comparison is that there is a need for an increase, as set out in the Nomination Committee's proposal.
