Dometic introduces Outdoor Cooking category with Cadac Dometic portfolio

Düsseldorf, Germany – August 27, 2022

Dometic to showcase its new product category – Outdoor Cooking at Caravan Salon 2022 and introducing Cadac Dometic portfolio. The new portable outdoor cooking products are suitable for car camping and other outdoor activities, making cooking at a campsite an easy and joyful experience.

With acquired brand Cadac International's wide range of BBQ grills and portable gas stoves for outdoor use, Dometic has created new Cadac Dometic outdoor cooking product portfolio and introducing new Outdoor Cooking category at Caravan Salon Düsseldorf 2022.

Cadac Dometic products are BBQ companions on the patio, balcony, garden, caravan site, picnic or beach. But Cadac Dometic's "Braai" (as South Africans call it) concept is not just about grilling a hamburger. Braai

means from grilling, to baking, paella-pan cooking, teppanyaki-style cooking, oven-style cooking and roasting, and most importantly it is about getting together with friends and family as a social event.

New Cadac Dometic products will be showcased at both Dometic booths in Hall 3 (C70 – 01 & 02) and to be introduced to the European market in Q1 2023. Some of the highlights of the exhibition are:
