# PRESS RELEASE

## The new Dometic Delta Heat Outdoor Pizza Oven is precision engineered for perfect results

Orlando, FL – February 8, 2022

Dometic Delta Heat, the manufacturer of meticulously engineered grills and premium outdoor kitchen equipment, introduces the new [Delta Heat Pizza Oven](#) at KBIS 2022 at the [Dometic Home Booth #S5863](#). This new addition to the existing suite of products offers an outdoor kitchen solution for the most discerning home chefs, food experts, and frequent entertainers alike.

Dometic Delta Heat outdoor kitchen products are known for their innovation, superior engineering, exceptional design, and unparalleled performance in the outdoor cooking and entertaining arena. The new [Dometic Delta Heat Pizza Oven](#) is no exception. It boasts top of class design, uncompromising quality and, most importantly, perfect results - no detail has been spared.

Independently controlled gas burners allow users to achieve extremely high temperatures, a quick pre-heat, and precise control for both hearth and dome. The

design utilizes the highest quality materials – all stainless-steel construction, Cordierite hearth and dome tiles, and Ceran glass doors create a beautiful presentation in both built-in application and countertop editions – all manufactured in the USA.

Thanks to its unique engineering features and reliability, the Dometic Delta Heat Pizza Oven consistently delivers a perfectly crisp crust complemented by gooey, melted cheese every time - without fail. Coupled with impeccable and elegant design, its versatility enhances the pizza night experience, and in fact any outdoor gathering, as it can also be used to prepare the most delicious "baked" dishes and sides.

### Key Specifications:

- 43,000 BTU output with both hearth and dome burners

2022

# PRESS RELEASE
